### **REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance: The Examiner finds Applicants' amendments on pages 3-6 and arguments on pages 10 and 11 of the "Amendment" filed May 11, 2005 concerning a visitor information gathering apparatus for a facility persuasive as applied to independent claims 1, 16, and 24. The combination of prior art from Kamise (Unexamined Japanese Patent JP 10246041A Machine Assisted Translation) and DeLaHuerga (U.S. Patent No. 6,779,024) does not anticipate or render obvious amended independent claims 1, 16, and 24. In particular, Kamise and DeLaHuerga do not teach the limitation "wherein the processor is configured to communicate at least a portion of the information provided by the visitor using the at least one input device and the information about the visitor gathered by the at least one sensor to one or more appliances located within the facility, wherein an appliance from the one or more appliances uses the information received from the processor to determine whether the visitor is permitted to use the appliance."

### **CONCLUSION**

2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
